

# Vinyl Balustrade System

# Quality First Quality Always

## Table of Contents

Columns	3
Vintage	4
Belmont	6

Curved sections are available in custom radiuses for a distinctive look.

These unique premium virgin vinyl Balustrade styles offer a bracketed system that is not only easy to install, but is strong and durable.

When installed with round columns the look is timeless.

The 5000 Series is available with turned, recessed, and plain newel posts. The 7000 Series is available with recessed and plain newel posts. Stainless steel post brackets are sold separately. Also available are optional New England Flat caps and the optional classic 1-piece trim.

All step sections are custom made (custom straight lengths available).
